

TRUE1 Tee Portable Assembly

Overmoulded versions also available:

Contact sales for further information.

*XX - In part number to specify cable length

The True1 Tee Portable assembly features moulded Neutrik® powerCON® TRUE1 TOP Power inlet and outlet with built in a Power cable in a fully enclosed moulded housing.

- Rugged, one-piece construction eliminates broken conductors and loose terminations in the shell
- Each assembly is electrically PAT tested prior to shipping to ensure compliance
- Compact and lightweight
- Moulded non-conductive thermoplastic elastomer absorbs impact to prevent internal damage to pins and contacts and creates a fully insulated assembly.
- Moulded housing is UV stabilized to prevent degradation of connector housing when used outdoors.
- Enclosed Titanex HO7 RNF 3 core cable can be supplied to length as required and can be wired with numerous 3 pin power connectors

Typical Application:

Provides a single power circuit for convenient connection points in a portable configuration.
